WHO WE ARE

Zimbabwe College of Forestry was established in 1946. We are a leading institution in forestry education and training in Zimbabwe and the Southern African Development Community (SADC) region. We started as two separate colleges , Zimbabwe College of Forestry and Forestry Industries Training Center. The two colleges were rebranded to Zimbabwe College of Forestry in the year 2022. Located in the Eastern Highlands of Zimbabwe, in the city of Mutare, the college offers a variety of diploma and certificate programs in forestry, wood technology, and saw doctoring. We also offer Block release programmes and Short Courses in different areas.

OTHER SERVICES

ACCOMMODATION FACILITIES

CONFERCING SERVICES
